Open Space Outreach Programs

Call to set up a field trip, service project or to
arrange a classroom visit by Open Space Educators
as an introduction to outings or during those times
of year when an outdoor field trip is not practical.
Students will learn about the Open Space program,
as well as many cultural and natural resources.
Talks may cover a variety of topics such as animals
and wildlife, the Bosque, agriculture, cultural
artifacts and histories, geology or the formation of
local features such as the volcanoes. Educators
may request specific topics to complement current
classroom curriculum. **TEACHERS!** Did you know
that you can apply for a Transportation Award for
field trips to an Open Space area? For information
on all of our programs, please contact Bill Pentler,
Open Space Education Coordinator at 452-5222
or wpentler@cabq.gov. Also check
cabq.gov/openspace for all Open Space activities.
